MAGNITUDE

heavy contract carpet tiles

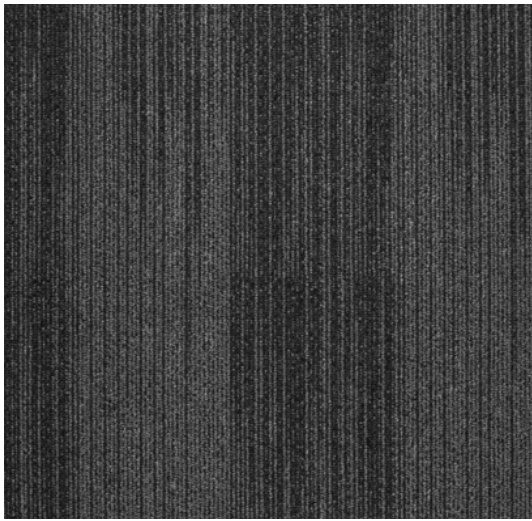

MAGNITUDE

Magnitude is all about singular direction and force. A popular linear design in classic colours that add perspective and energy to a room.

COMBINE WITH CONTRASTING BLIZZARD

In contrast, Blizzard available in the same colourways, provides a non-directional swirl and subtleness to your canvas. Combining both, as you move through a building, you are able to change the feel of a room, while still keeping continuity of colour scheme.
